“ We assure being the HonestCompany, efficient, cost affordable, humble and customer based relationship building.

---

# ABOUT US

Protectors, is a Company's name originating from the word 'Protect' which means keeping something/Someone safe, or indemnify from any nature of harm/danger.

Whereas, founders of the Company chose the Name to logically carry its vision in the meaning of the word Protect as defined. We realized that both National & International of Logistics Industry, by experience; so many clients (Stakeholders in the Industry) interests and expectations has been harmed by poor and unsatisfactory services.

PROTECTORS FREIGHT CO LTD is incorporated in the United Republic of Tanzania since 2012 and established in the Clearing and forwarding industry officially in 2017. Since then it operates fully time day and night to serve clients with great passion and commitment.

It is on that basis, we are the solutions for any threat/harm to any of our clients' interests. We assure being the Honest Company, efficient, cost affordable, humble and customer based relationship building.

We understand beyond reasonable doubt that faithful and committed people they spread their wings and hit deeper their roots into ground whereby they win the market in the business world. Therefore, we have professional, experienced, faithful, energetic, creative and intrinsically committed team workforce.

As a team we always continue seeking for new business opportunities so as we become an available service provider to whenever and wherever especially Clearing & Forwarding. Our office is located just 400 meters adjacent to Dar es Salaam Port and Customs offices, closer to Tanzania Bureau of Standards (TBS) and several Shipping lines.

“We service at local level and International level. Whichever lawful our customers Import/Export permanently or temporarily whether is for domestic purpose or Transit within the East, Central Africa, and great lakes region or overseas, we do handle attentively with affordable costs to satisfy the needs of our Customers.
